If the coaches have been posting the scores, then your standings and results are in the same location as your team schedule. Go to SPORTS on the Main Menu to your left, select BASEBALL, and then under that pick SCHEDULES. On the page you go to, you can select the baseball SCHEDULE, RESULTS or STANDINGS. Coach pitch, AAA and Majors are shown.

We do the same thing for softball, but not all the softball coaches have been reporting their game scores....

Hope that helps!

Late response, sorry. Under Sports, baseball, schedule, you will find a results tab and a standings tab. They will have all the info you need.
