
12 Year Old State

I was wondering if anyone knew if the 12 year old state tournament in Sheffield is going to be on the internet? I really enjoyed watching the 10 year old games.

Unfortunately I do not know of any plans to have the 10-11 or 11-12 tournaments put up on the Internet. I've asked one of the dad's going to Sheffield to take his laptop and webcam just in case the park there has Wifi, but I don't know if it does.

I'm glad you enjoyed the "broadcast" from our park. We will be sure to do it again the next time there is a major event.

In this case, do you know of anywhere I could find the scores?

Sylacauga and Sheffield need to be more like Huntsville.:) :)
